

# Grange Primary School

Grange Primary provides the best qualities for learning and more. We have skilled teachers that have fantastic skills and methods in teaching literacy, Mathematics, geography, history, Science, music, Spanish, D.T ect.

Since we have such skilled teachers we have such capable students, that know nearly everything an adult needs to know. These children are so grateful, graceful and joyful. They respect everybody and try their hardest.

We try to work on the most appropriate education we can teach.

In addition, there are so many confident staff members and such intelligent T-A's (teacher assistants).

Did you know in our office we have around 100 exquisite trophies that are as shiny as a diamond.
